## Ending Well

As our first term in Côte d'Ivoire comes to an end and we prepare for our home assignment, we think also of the end of the calendar year and the end of IBAO classes for the current group of students. In November, IBAO students attended their last module of classes. The last module included a class on practical integration in ministry taught by Larry Sellers and a course on homiletics taught by Pastor Kerry Robinson, a guest professor from the U.S.

In 2017, the IBAO students will complete their ministry internships, and graduation is set for November 2017. The incoming class of IBAO students will begin classes in 2018. Will you pray for the current class as they end well by completing their internships? Will you also pray for the incoming class starting in 2018, that the Lord will prepare their hearts as they answer the call to ministry?

# Home Assignment 2017 and Partnership Need

Home Assignment 2017: Our first term of three years on the field will come to a close in December 2016 and we will head back to the U.S. for our first home assignment. We will be visiting congregations and individuals from January through October 2017. We will then plan to return to the field to begin our next term in November 2017. Would you like us to share with your congregation, Sunday school class, small group, Bible study group, vacation Bible school children, or chat over a cup of coffee together? Please contact us as we are currently putting together our itineration schedule. You can email us at [jennymihsill@chog.org](mailto:jennymihsill@chog.org) or call Candy Power with Global Strategy at 800-848-2464.

Partnership Need: Over the past several months, our budget has increased. This is due to operational support being added in as well as an increase in our travel budget. We are now traveling more often as we train local committees to run the Children of Promise program and distribute goods to children. We are in need of current partners to increase their support level and/or new partners to join us. Thanks to our generous and faithful partners, we have been able to continue to fulfill all of our ministry commitments here on the field. Will you help us continue to carry out the call to serve in Côte d'Ivoire? **We are currently 84% funded** and need to return to full-funding at 100%. If you would like to increase your current pledge or join us as a new partner, contact Debbie Taylor at 800-848-2464, ext. 2129, or at [DTaylor@chog.org](mailto:DTaylor@chog.org). Thank you for your prayerful consideration.

## Visit from our Regional Coordinators

In late November, we enjoyed a visit from Africa regional coordinators, Mike and Heather Webb, and their daughter, Maddy. We shared a Thanksgiving meal together as well as many laughs and great discussions about ministry here in West Africa. Mike was able to be a part of our national Children of Promise committee meeting during their visit. Our son, Moore, loved having Maddy to pal around with for the week. We are blessed by the encouragement that Mike and Heather give us as we serve in Côte d'Ivoire.
