Coming Together and Climbing for Kids

Stories of lives changed. Testimonies of God working in difficult situations. Sharing challenges and roadblocks together. These were our favorite parts of the Children of Promise Global Learning Forum in Tanzania this summer. C of P directors and assistant directors from each program in Africa as well as international office staff, guests, and new prospective program leaders (*pictured below*) gathered to learn, share and pray together. When it came time to share prayer requests, our biggest request for C of P in Côte

d'Ivoire has been for the Lord to raise up an assist-

ant director and, in His time, a director for Children of Promise here. Will you also join us in this prayer?

We also had the opportunity to attend the All-Africa Assembly Leaders' gathering with representatives from 12 African countries where the CHOG is at work. One of the results of this meeting was the election of

a new executive committee for the CHOG in Africa, led by General Director, Rev. Cyril Pillay (*pictured above right*). Please pray for the Lord to work miraculously through these pastors as they lead all across Africa!

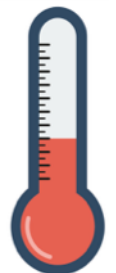

After these gatherings, the C of P Kili climb team of 8 made it to the summit of Mt. Kilimanjaro and raised thousands of dollars for kids in the process! THANK YOU to all who made Bobby's goal a reality. Not only was his goal met, but it was exceeded as he raised \$4,549 through his campaign!

Bobby describes his experience as "the hardest physical thing" he's done and freezing cold. But it was also surreal, beautiful, and a wonderful team bonding experience!

Children of Promise as a global program turns 30 years old in 2022! To celebrate, our goal here in Côte d'Ivoire is to see 30 more children sponsored between November 2021 and December 2022! We're at 9 of 30!

Goal: 30

Current Total:
9

VBS Camp Encourages Kids and Churches Alike

July brought the opportunity for kids from around the central region of the country to gather for VBS Camp! The three-day camp was packed with games, lessons, worship, and Bible verse activities. Teachers who had been trained by Bobby and Jenny in April taught on the human body, puberty, and menstruation with the boys and girls separated into two different classrooms. The girls received Days for Girls kits (*pictured right*), washable menstruation kits that last for up to three years.

We were thrilled to see a number of Children of Promise kids in attendance at the camp, including Emmanuel (*pictured bottom right*), from the Yamoussoukro church.

Jenny also had the opportunity to teach a couple of English classes during the camp, helping the students learn songs and Bible verses in English

(*pictured left*). It was a joy to see the VBS teachers come together to pull off this camp which was a **wonderful** encouragement for the children and the church at large!

Pineapple of the Spirit

We visited IBAO intern, Hippolyte (*pictured below*), as he preached at the Kononfla CHOG. He used a visual aid, a pineapple drawn on a chalkboard, to demonstrate the different fruits of the Spirit given to members of the body of Christ.

IBAO interns are now a little over halfway through their six-month internships. Pray for them to develop dynamic skills as they continue to grow in ministry.
