December 2019

As we reflect over the past month, we have so many amazing memories of those with whom we have visited in the Midwest. Thanks to those who have given us the occasion to connect with them and share about the work in Cote d'Ivoire during this year. We have been blessed to meet many new friends and reconnect with longtime friends.

One occasion to celebrate with longtime friends was at a retirement party held at Church of God Ministries, honoring our missionary colleagues Sherman and Kay Critser for their more than forty years of cross-cultural ministry. They were our friends and colleagues in Congo, Rwanda and Cote d'Ivoire for fifteen years. They have been important influences on us and aunt and uncle to our children growing up in Africa too!

We are filled with anticipation as we prepare to see many more of you in the new year 2020. We will be in Florida over the Christmas season with family. Then we will travel across the southern states for the next leg of our home assignment.

We appreciate your prayers and support. Please know we are so very thankful for you as you have walked with us through this year! We appreciate your partnership so much in sending the light and love of Christ to the people of West Africa!

May his light shine in 2020
